

# GLUTEN FREEDOM

EST. BAKING CO. 2019

NO GLUTEN • NO CORN • NO SOY

Dear Store Manager,

I'd like to request that you carry my favorite gluten, corn, and soy-free products from **Gluten Freedom Baking Co.**

Gluten Freedom Baking Co. crafts all of its products using gluten-free grains, flours, & non-GMO ingredients to provide superior flavor and texture. No cross contamination occurs in the GFBCo. dedicated allergen-friendly commercial kitchen.

Gluten Freedom Baking Co. is a step above the average gluten free products available in grocery stores today. The company strives to create products that taste as delicious as breads, pot pies, sweet pies, cookies, muffins, quiche, and baking mixes that contain gluten. A favorite reaction from GFBCo. customers, ***"Are you sure this is gluten free?"***

I would love to see this product on your shelves! Thank You.
